

BOGOVITE ENGINEERING LIMITED

...” Engineering, Procurement & Construction Services Contractor.”...

Company Profile

www.bgvengineering.com

WHO WE ARE

BOGOVITE ENGINEERING LIMITED is a wholly indigenous Oil Servicing Company with strong capabilities in technical Engineering, Procurement Construction, Installation, Pre-Commissioning and Commissioning Services.

Established in 2013 and since then have executed many projects ranging from Onshore/Offshore Pipeline Construction, Pipeline Maintenance, Engineering Design (Conceptual, Feed & Detailed Engineering Design), As-Built Documentations, Pipeline Sectional Replacement, Process Facility Maintenance, Process Piping Fabrication, Mechanical Installations, Pre-Commissioning and Commissioning etc.

Our prompt project schedule delivery have ranked us among the best in EPC business as far as the Nigerian Oil and Gas Industry is concerned.

We provide our clients the supplementary resources required to enhance its efforts necessary to undertake a wide range of projects.

BOGOVITE ENGINEERING LIMITED

SERVICES

Backed by over 12 years experience, Bogovite Engineering Limited provides “turn-key” solutions to clients’ needs supported by an array of current Project Management, Engineering Design and Construction /Installation Services. Bogovite Engineering Limited has the resources and capabilities to assist clients in all aspects of EPCI projects from conceptual, through start-up to operation. BGV offers the following comprehensive services:

- **Conceptual Design**
- **FEED**
- **Detailed Engineering Design**
- **Feasibility Studies**
- **Project Management**
- **Facility Management**
- **Construction & Fabrication Works**
- **Construction Support**
- **Installation & Logistics**
- **Pre-Commissioning & Commissioning**
- **Technical Manpower Services**
- **Plant Operations & Maintenance Mgt.**
- **Asset Integrity Mgt.**

QUALITY POLICY STATEMENT

- ❑ As an indigenous company, we endeavour to consistently meet or exceed our client's expectations through continual improvement with strong quality focus.
- ❑ We aim to achieve our Quality Policy through these objectives:
- ❑ To make continuous improvement in our work
- ❑ Ensuring that we fully identify and conform to the needs of our clients.
- ❑ To take individual and collective responsibility for quality.
- ❑ To ensure compliance with all laws, rules and regulations.
- ❑ To treat Client's needs and expectations with top priority
- ❑ To ensure our employees are satisfied, motivated and committed to carry out their duties with all sense of responsibility.

SAFETY POLICY

Bogovite Engineering Limited Safety & Environment policy draws up a general picture of the arrangements and procedures for safety management on all project locations.

It has been designed as a guide for field operations and it is hoped that this procedure, in conjunction with other safety initiatives and programs offered by Bogovite Engineering Limited and the client, will lead to greater safety awareness throughout the operations on projects and improve our safety performance.

It focuses on strategies developed to prevent accidents and protect workers.

COMMUNITY AFFAIRS, SAFETY, HEALTH, ENVIRONMENT AND SECURITY POLICY

Bogovite Engineering Limited recognizes the hazardous nature of its operations (i.e. oil, gas and non-oil related), the adverse consequences of its failure to observe, check and control or completely eliminate the acts and conditions that could result in accidents or incidents.

Bogovite Engineering Limited belief that good CASHES performance is an integral part of efficient and profitable business management. We will therefore be guided by the following principles:

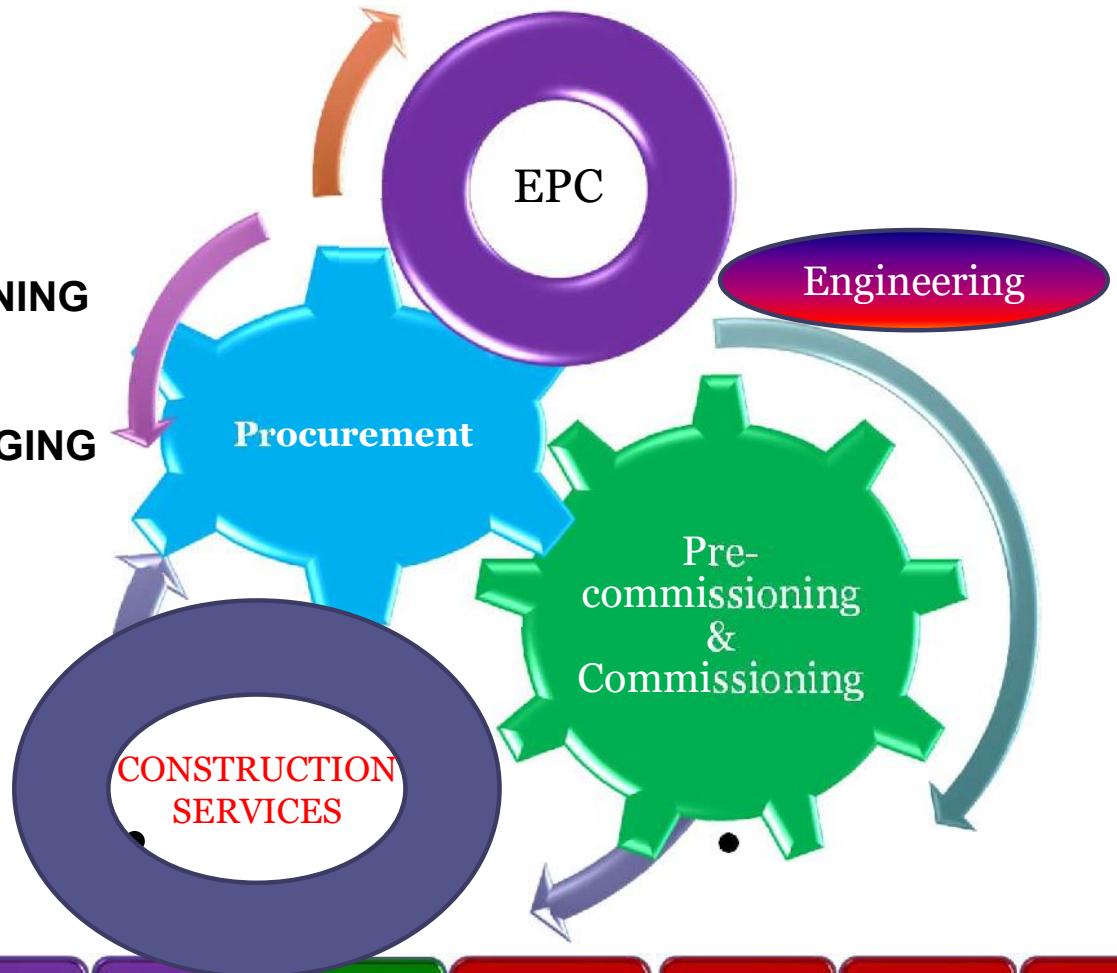

- ❖ CASHES is of equal importance to other business activities.
- ❖ CASHES management is line responsibility.
- ❖ No activity shall be carried out unless considered safe.
- ❖ Safeguard the health and safety of all employees, contractors and third parties.
- ❖ Strive to minimize the impact of activities on the environment.
- ❖ Maintain good relationship with host communities.
- ❖ Strive to enhance security of life and equipment.

✓We believe that every job can be done safely.

PROCUREMENT SERVICES

PROCUREMENT & PROCUREMENT MANAGEMENT

BGV is a reliable partner and exert its influence in a socially responsible manner. therefore Bogovite have formed an alliance with OEMs to enhance prompt delivery of materials.

Few of the OEMs Bogovite have MOA with are;

- ❖ Xiamen Landee Industries Co., Limited. China,
 - Supplier of Oil & Gas & Water & Petrochemical Industries Equipment
- ❖ Sure Flow Equipment Inc
 - Supplier of Oil & Gas Industrial Valves, Flanges, Gaskets, and Strainers

❑ BOGOVITE ENGINEERING LIMITED maintains close dialogue with its Vendors, Suppliers/Original Equipment Manufacturers (OEMs) in order to establish reliable partnerships.

❑ BGV executes a varied range of procurement activities on a project by project basis and these comprise of the issuing of purchasing orders, expecting inspection of the purchase orders, including quality aspects and the delivery of procured materials, equipment and Long Lead items.

❑ These activities cover:

- ✓ Material Requisitions
- ✓ Purchase Orders and Expediting
- ✓ Transport-Insurance-Custom Clearance and
- ✓ Material Inspection

❑ BOGOVITE ENGINEERING LIMITED handles the procurement activities of EPC projects, thus ensuring a seamless interfacing and coordination between various phases of the procurement process.

(B) ASSET MANAGEMENT SERVICES OVERVIEW

ASSET MANAGEMENT SERVICES STRUCTURE

ASSET INTEGRITY SERVICES

BOGOVITE ENGINEERING LIMITED has undertaken several integrity assessment project for both process facility and topside, a capacity built over the years through strategic alliance with some local and foreign companies. In a bid to provide seamless service to the oil and gas industry, BGV subcontractors has concluded plans to establish a state-of-the-art NDT laboratory as well as acquire more equipment for NDT field operations and remedial works on defected/dilapidated facilities.

Our NDT activities covers:

- ✓ Flaw Detection and Evaluation
- ✓ Leak Detection
- ✓ Location Determination
- ✓ Dimensional Measurements
- ✓ Structure and Microstructure Characterization
- ✓ Estimation of Mechanical and Physical Properties
- ✓ Stress (Strain) and Dynamic Response Measurements
- ✓ Material Sorting and Chemical Composition Determination

Based on a team of certified and competent corrosion engineers and well-equipped laboratory we offer a wide range of integrity checks employing various methods of non-destructive testing services that meet international standards to clients operating both onshore, swamp, shallow and deepwater offshore facilities at the most competitive rate. Our NDE methods include:

- Visual Inspection
- Liquid Penetrant Testing (PT)
- Magnetic Particle Testing (MT)
- Eddy Current Testing (ET)
- Ultrasonic Testing (UT)
- Radiographic Testing (RT)
- Acoustic Emission (AE)

CORROSION CONTROL SERVICES

Besides having the capability to provide inspection services to ascertain the integrity of production facilities, topsides, and underwater structures, BOGOVITE provides corrosion control services. This service which is usually sequel to inspection, is a remediation exercise carried out on corroded areas of plants, support structures & oil/gas delivery lines. Our services include but not limited to

- ❖ Coating
- ❖ Blasting
- ❖ Painting
- ❖ Tank Cleaning

Coating: Application of different types of coating elements on pipelines, piping and delivery lines.

Blasting: We provide cleaning by sand, grit and water blasting depending on the severity of corrosion and the terrain.

Painting: We provide High quality water and heat resistant oil paints with corresponding colors to differentiate various flowlines.

Tank Cleaning: We provide tank cleaning services for storage tanks and production vessel

O/M SERVICES

PLANT OPERATIONS & MAINTENANCE (TOTAL FACILITY MANAGEMENT)

BOGOVITE ENGINEERING

LIMITED Operations and Maintenance specialist services cover every aspect of operations and maintenance, from construction and commissioning to eventual decommissioning. We offer turn-key services across the life-cycle of a facility within the oil, gas and power sector of the Nigerian economy.

These services include risk assessment processes, power plant information systems, environmental management and facility maintenance management. We also provide plant rehabilitation, asset development and management services.

We offer a range of innovative solutions and techniques, including engineering support, specialist operations services and consultancy advice, to clients operating in different market conditions.

BOGOVITE ENGINEERING LIMITED

O&M department provides effective independent services to help operators/clients maintain and optimize the performance of their assets, pipelines, systems and associated facilities. The group consists of experts with vast experience in different regions of the world.

The team has provided a full range of operations support and integrity management to major operators like Shell and Agip operating as an extension of the client's operations department.

Our key capabilities include:

- ☐ Management, Integrity and Data Assessment system
- ☐ Equipment reliability/Maintainability
- ☐ Fit-for-purpose/Engineering Critical Assessment
- ☐ Project Management and Engineering

THE MANAGING DIRECTOR,
BOGOVITE ENGINEERING LIMITED,
PORT HARCOURT.
NIGERIA.

Dear Sir,

APPROVAL OF APPLICATION FOR MEDICAL RETAINERSHIP/AGREEMENT

Sequel to your inspection of our facility and subsequent application for retainership with our hospital, we are glad to inform you that Management has approved your application.

By this agreement, IMMANUEL CLINIC shall attend to all your medical needs, including but not limited to Pre-employment medical examination, IN/OUT PATIENT medical treatment, as well as advice on medically related issues as may be required by your company. These shall be done with strict adherence to medical ethics.

By this agreement, we shall, to the best of our ability, protect both the company and her staff strictly on health issues, as we do not encourage staff truancy. We urge you to kindly educate your staff in this area.

Every staff of your company sent to the hospital for medical attention or advice, shall present a document of introduction specifying the area of medical attention needed, as well as a valid identification card of the company, or a covering letter instructing the hospital to attend to him/her. This shall be duly signed by your authorized personnel.

Your medical services bill shall be sent to you on monthly basis as they accrue. You also have the option of "on the spot" payment of your medical bills at our Accounts section. A duly signed hospital receipt shall be issued to you for every payment you make to the hospital.

To service this retainership, Your Company shall pay an annual retainership fee of Thirty Thousand Naira Only (30,000). This is to be paid within the first month of every year.

Located in the serene area of Okilton Drive in Port Harcourt, IMMANUEL CLINIC is reputed for quality and affordable medical services delivered with humane disposition. We therefore congratulate you for this wise choice and look forward to a result oriented business relationship with your company.
